At each Main Time Control and Time Control the marshal will enter the time shown on the clock and sign in the appropriate place on the Time-Card. Some controls may not be manned, these may be represented by a code board. Competitors must note the letters or symbols displayed on these boards on their Time-Card before proceeding. All controls except for D.S.O. Secret Checks will be indicated 50 yards ahead of the correct direction of approach by a Control Board. They must be visited in the order specified on the route-card, any control visited out of order will be deemed not to have been visited. Sections of the route may include "Not as Map Triangles" that will have a Control Area of 5 metres. They will be identified in the route-card and be preceded by a Control Board on the correct direction of approach. It is not the duty of any marshal to interpret the regulations or other written instructions to a competitor or to explain the meaning and/or thereof. It is the responsibility of the competitor to read and understand these regulations and all written instructions. Controls will open 25 minutes before the due time of the first car, and will close 30 minutes 59 seconds after the last car is due **13.5**. Any competitor who causes any form of harassment to a marshal or any other official or who remains in a control area subsequent to an instruction to depart will be reported to the Stewards of the Meeting. The organisers reserve the right to exclude any such competitor if they wish. An altered, amended or countersigned Time-Card will be accepted though if it is countersigned by the marshal at the time of alteration. It is the competitors' responsibility to ensure that the Time-Card is correctly marked.

Competitors will be Disqualified for defacing or altering a time card.

The event will use the Scheduled Timing method. Timing will be to BBC/British Telecom time and by marshals' digital clocks. All crews are advised to carry an accurate digital watch with them on the event. There will be 2 types of sections:

Standard Sections 13.4.4.

These are sections where a time penalty will be applied for lateness. Before accepting a time from a marshal, check you are not early, if you are you may wait for a later time providing you are not blocking the road.

Neutral Sections 13.4.5

These are deemed Quiet sections and are used to take the rally through 'P.R.' sensitive or densely populated areas. PLEASE RESPECT THEM. They are timed to a low average speed and competitors must complete the section in as high a gear as possible, and without the use of auxiliary lights (except as permitted by law when driving in fog). Competitors must not make up time in these sections and no penalty will be applied for lateness other than for exceeding maximum lateness, any lateness incurred in these sections will be cumulative towards maximum lateness.

16. Insurance

Unfortunately, the Motor Club has been unable to secure a blanket cover for the event and therefore all competitors will need to ensure that they have the correct insurance cover for rallying on the public highway in compliance with the road traffic act, and that the Insurance Policy Document has been uploaded with your entry.

17. Damage Declaration

Damage checks to competing cars will be made at the start, during the event and at the end. All competitors will be required to complete a damage declaration form to be handed in at the finish or, in the case of retirement, forwarded to the Entries Secretary within 72 hours. Failure to do so will result in a competitor being reported to Motorsport UK, WAMC and Club committee.

Competitors are reminded that the submission of a damage declaration form does not in itself negate their responsibilities within the law if they have been involved in a Road Traffic Collision.

Any injury/damage to third parties MUST be reported to the Police and event organisers immediately so they may arrange prompt action/repairs. NCR Ch.13 App.5 Art.11.5 - For the purposes of considering Disqualification, Vehicle damage will be considered as being any tear or indentation exceeding 50mm in depth occurring to the external surfaces of the coachwork or its accessories (excluding windscreens windows lamps and bumpers) above the horizontal plane at the wheel centre.

The same applies should a competitor withhold or provide false information, such a competitor will be excluded retrospectively from the results and forfeit any awards and/or points gained. Any competitor who as a result of his driving on the event is prosecuted by the Police will be excluded retrospectively from the results and forfeit any awards and/or points gained. Competitors are reminded that by law any incidents should be reported to the Police.

Competitors will be expected to contribute towards any cost or claims incurred in respect of damage to property. It is a condition of signing the entry form and the MSUK Signing-On forms at the Start that competitors accept this clause.

18. Marshals

Due to the format of the event a great deal of experienced marshals will be required.
